

Zinga Tyron

Open for linternships as ux/ui designer or front-end developer

Multimedia

Customer Service

JavaScript

React.js

Node.js

Summary

Motivated, reliable, and **team-oriented**, with strong interpersonal skills and a positive attitude. I learn quickly, adapt easily to new tools and environments, and manage my time well. I'm currently studying Experience development and building hands-on experience in customer service and technical settings. I'm looking for my **first professional opportunity**, where my motivation and willingness to grow can add value from day one.
